

Schools courses

We are passionate about teaching children and young people about food and believe that food preparation is a great way to develop confidence and skills which can be transferred to other areas of learning.

Cooking @ The Storehouse has teamed up with Jamie's Ministry of Food to give your teaching staff a helping hand with any food-related topic. We invite school groups to attend the Jamie's Ministry of Food eight-week cooking programme, with shorter courses also available. The offer is open to pupils, parents and teachers, so why not cook together?

We can also come to your school and deliver a one-off talk around a specific curriculum subject, or help to train your teaching staff, as well as deliver classes both at school or in our fully-equipped kitchen.

We offer a range of options for schools, as detailed to the right.
